Summer Community Ed Participant Safety - COVID-19

Our participants' safety is our number one priority. In accordance with state health guidelines and direction from Minnesota Department of Education (MDE), Minnesota Department of Health (MDH), and the United States Center for Disease Control (CDC), the following changes will be necessary for community education programming to decrease the risk of COVID-19 exposure:

- We will practice social distancing and align with the state safety recommendations by placing students in smaller groups and utilizing highly predictable settings.
- All programs will be subject to small groups as dictated by MDH/CDC guidelines.
- Enhanced cleaning practices will be in place in all buildings.
- Staff will be required to wear a cloth face covering if they are unable to social distance.
- Staff and participants will be required to perform frequent hand hygiene.
- Participants may be required to complete a health screening before proceeding to class.
- All participants are required to comply with social distancing expectations. Failure to do so could result in removal from the program and the premises.

EARLY CHILDHOOD FAMILY EDUCATION

What is ECFE?

The Early Childhood Family Education (ECFE) program offers fun, interactive and educational activities to parents and children ages birth to five years. The goal of the program is to strengthen families and help parents and children grow and develop within a circle of support. Parents and children participate in fun activities that encourage learning. Parents participate in discussions led by a parent educator while their children play, learn and socialize with other children.

**The word “parents” includes all individuals who function in a parenting role – mothers, fathers, partners, grandparents and other relatives, foster parents, etc.*

Come for your child...Stay for Yourself

Help Me Grow

While all young children grow and change at their own individual rate, some children experience delays in their development. Help Me Grow is a group of service providers who work together providing free early intervention referral services for children birth to three-years-old. MN Children who qualify could be eligible for services in their home, child care setting, or school. Further resources are provided by calling Anoka Area Help Me Grow Central 1-866-693-GROW (4769) or go to helpmegrowmn.org to schedule and gain more information regarding a free screening.
